

## Seascapes's Cord Gripper

Designed for ceiling or wall use to create custom configurations of our colored cords or to support a light weight pendant wherever you want.

- 1** For **drywall**: Thread 3/16" stud w/toggle anchor into gripper body, push toggle into predrilled 1/2" pilot hole. Pull down/out while tightening.

For **solid wood**: Thread hanger bolt into gripper body, turn wood thread into predrilled 1/8" pilot hole.

- 2** Place cord in open jaw and tighten plastic set screw with a flat bladed screwdriver.
