Arc Tic

Wiring:

All wires are connected; be careful when unpacking box so as not to loosen connections. Do not plug in lamp until fully assembled.

Insert pole with set screw into the base and fasten with supplied washers and nut. (Finish washer covers secondary machined hole.)

Insert telescoping curved tube into base pole and secure with set screw.

Extend telescoping to desired width and tighten knurled nut.

Secure shade onto socket with socket nut.

This lamp is fitted with a polarized plug - one spade is wider than the other. This plug will fit in a standard polarized outlet only one way
